Dictated Recruitment

The Captain can recruit "a single generic Briskar" (with a limitation > 1) from another faction.

In Campaign mode, if he is the Admiral of your fleet, his ship is considered as having a servant per ordonnance weapon when no Sundar is affected to it, but they do not give firing bonus, if there is already at least one servant on the artillery weapon. Only the Sundars on board win experience during on-board firing phases.
